## Special Section: Business impact of 4D seismic

- 384 ..... Introduction to this special section: **Business impact of 4D seismic**, J. P. Blangy and J.-P. van Gestel
- 386..... **4D seismic — Past, present, and future**, I. Jack
- 394.....**4D seismic close-the-loop impacts business decisions at the Okume Complex, Equatorial Guinea**, M. Nasser, C. Gronister, B. Hay, and C. Amos
- 401.....**Generating value from 4D through efficient integration**, L. Hodgson, M. Ball, S. Fowler, M. Gherasim, T. Hance, A. Toomey, and J.-P. van Gestel
- 407.....**The value of 4D seismic: Has the promise been fulfilled?**, J. P. Blangy, M. Nasser, and D. Maguire
- 416..... **Realizing 4D seismic value on stacked reservoirs in northwest Borneo**, M. Floricich, D.Kiyashchenko, A. Ang, and C. Field
- 423 .....**Overburden 4D time shifts — Indicating undrained areas and fault transmissibility in the reservoir**, T. Røste and G. Ke

- 
- 431 .....**Serendipity: A search for lineaments finds impact craters?**, T. Lautzenhiser and R. Earley
- 437 ..... **Tomographic fracture imaging: Examples of induced fracture and reservoir-scale observations during wellbore stimulations, Niobrara and Bakken plays, USA**, J. Ross, K. Parrott, J. Vermilye, and A. Klaus
- 445a1.....**Reservoir-property inversion — A method for quantitative interpretation of seismic-inversion results**, Z. Zhao, F. Nicholson, J. Bourne, and F. Hiltebrand
